SUMMARY

Final year Computer Science student at IIIT Guwahati proficient in Python and Full-Stack Development. Passionate about designing and building impactful technology solutions. Strong problem-solving skills with a focus on writing clean code and adapting to new trends. Possess strong teaching abilities, with the capability to explain complex concepts clearly, along with communication skills. Eager to take ownership of challenging projects and collaborate effectively to deliver results.

EDUCATION

Indian Institute of Information Technology, Guwahati

Bachelor of Technology, Computer Science & Engineering

Present

Guwahati, India

R.P.S. College Harnaut, Nalanda

Class XII: BSEB

May 2020

Bihar, India

WORK EXPERIENCE

AshwaQuant Pvt. Ltd.

May 2025 – July 2025

Web Developer Intern

Patna, India

- Developed and deployed the official company website (ashwaquant.com) using **React.js**, ensuring fully responsive design, cross-browser compatibility and page load speed. Serving as the primary digital touchpoint for student enrollments and client acquisition.
- Architected a scalable backend using **Node.js** and **Express.js**, developing robust **RESTful APIs** to automate contact forms and handle client inquiries securely.
- Implemented a secure **payment gateway** and custom **lead generation forms**, directly contributing to an increase in webinar registrations and streamlined user onboarding.
- Engineered a fully **responsive UI** with interactive elements like testimonial carousels and FAQ accordions, ensuring a seamless experience across mobile and desktop devices.

TECHNICAL SKILLS

- Programming Languages:** Python, JAVA, JavaScript
- Web Technologies:** React.js, Node.js, Express.js, RESTful APIs, HTML, CSS, UI/UX & Visual Design
- Database Systems:** MongoDB, MySQL
- Cloud & DevOps:** AWS, Git, Github, Netlify, Postman
- AI/ML & Data Analysis:** OpenCV, NumPy, Pandas, Matplotlib, Streamlit, Scikit-learn
- Development Tools:** Git, Github, AWS

PROJECTS

RaiseHand Clone - Real-Time Interaction Tool | **Python (Django)**, **WebSockets**, **Redis**

Jan 2026

- Developed a live classroom interaction tool inspired by the **RaiseHand suite**, enabling instant student-teacher communication via real-time alerts.
- Implemented **Django Channels (WebSockets)** to handle low-latency features like 'Hand Raise' notifications and live polls, boosting engagement during webinars.
- Designed a trainer dashboard to moderate student queries efficiently, simulating a real-world online teaching environment.

SnapEntry - Student Entry Exit Management System | **React.js**, **Express.js**, **Netlify**, **JSON**

Dec 2025

- Developed a Progressive Web App using React.js and Browser Local Storage, improving student entry/exit tracking efficiency.
- Implemented real-time authentication and QR-based check-ins, reducing manual record errors.
- Deployed on Netlify with Express.js REST APIs, handling over 1,000+ student records securely and enabling offline access.

EV Battery Health Management System | **Python**, **Machine Learning**, **Random Forest**, **XGBoost**

Sept 2024

- Designed a system to predict EV battery health using voltage, temperature, and charge cycle data to assess State of Health.
- Trained Random Forest and XGBoost models, achieving high accuracy in early battery issue detection.
- Prepared a detailed report explaining the process, results, and ways to improve the system in the future.

COURSEWORK

- | | | | |
|-------------------------------|---------------------|-----------------------|------------------|
| • Data Structures & Algorithm | • Operating Systems | • Database Management | • AI/ML |
| • Python Programming | • Computer Networks | • Systems | • Data Analytics |

RESPONSIBILITY & ACHIEVEMENTS

- Smart India Hackathon (SIH) 2025:** Qualified for the **National Round** by finishing among the **top 2 teams** in the college-level selection phase.
- Flipkart GRiD 6.0:** Reached **Level 2** of the SD Track, ranking within the **top 8,000 teams** out of **5.17 lakh** initial participants.
- Core Member, Technical, Cultural & College Fest:** Negotiated sponsorship deals worth **Rs1.5 Lakh** and managed end-to-end logistics for 300+ attendees, ensuring seamless execution of event operations and cultural schedules.
